

March 16, 2020

To the Residents of Madison,

Our town, like all communities across the state, has been monitoring the COVID-19 virus and its potential impact. In light of action taken by the Governor's Office and the local school district, there will be some adjustments in the way Town services are provided. These will be evaluated on an ongoing basis and changes will be made as information and circumstances change.

Our goal is to ensure the safety of our employees and our residents in the most responsible ways possible. We apologize for the inconveniences that these measures will cause. We strongly encourage residents to follow best practices for hand washing, social interaction, and self-care. We are doing our best to balance municipal responsibility and considering the needs of the public.

Best regards,

Tim Curtis
Town Manager

Albert Veneziano
Select Board Chair
