Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Madison, Maine, as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Town of Madison, Maine as of June 30, 2023 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 of Notes to Financial Statements, the financial statements of the Madison Electric Works are intended to present the financial position and the changes in financial position of only the business-type activities of the Town of Madison, Maine that is attributable to the transactions of the Madison Electric Works which are presented as of their last audited financial statements for the period ending December 31, 2022. They do not purport to and do not present fairly the financial position of the Madison Electric Works as of June 30, 2023 and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further

described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Madison, Maine and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Madison, Maine's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Madison, Maine's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise doubt about the Town of Madison, Maine's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and OPEB information on pages 5 through 12 and 73 through 79 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Madison, Maine's basic financial statements. The Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund Revenues, Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are presented for purposes of additional analysis and are not a required part

of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund Revenues, Schedule of Departmental Operations - General Fund, combining and individual nonmajor fund financial statements and capital asset schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 26, 2024, on our consideration of the Town of Madison, Maine's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Madison, Maine's internal control over financial reporting and compliance.

RHR Smith & Company

Buxton, Maine
April 26, 2024

**REQUIRED SUPPLEMENTARY INFORMATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

(UNAUDITED)

The following management's discussion and analysis of the Town of Madison, Maine's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2023. Please read it in conjunction with the Town's financial statements.

Financial Statement Overview

The Town of Madison, Maine's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule and OPEB information and other supplementary information which includes combining and other schedules.

Basic Financial Statements

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide a broad view of the Town's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regards to the Town's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government-wide financial statements include the following two statements:

The Statement of Net Position - this statement presents *all* of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position.

The Statement of Activities - this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above mentioned financial statements have separate columns for the two different types of Town's activities. The types of activities presented for the Town of Madison are:

- *Governmental activities* - The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). Most of the Town's basic services are reported in governmental activities, which include general government, public safety, public works, parks and recreation, cemeteries, community and social agencies, education, town property and unclassified.
- *Business-type activities* - These activities are normally intended to recover all or a significant portion of their costs through user fees and/or charges to external users for goods and/or services. These activities for the Town of Madison, Maine include the Madison Electric Works.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Madison, Maine, like other local governments, uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town of Madison, Maine can be divided into two categories: governmental funds and proprietary funds.

Governmental funds: Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach, revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the Town's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the Town.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues,

expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The Town of Madison, Maine presents four columns in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances. The Town's major governmental funds are the general fund, the NBRC fund and the ARPA fund. All other funds are shown as nonmajor and are combined in the "Other Governmental Funds" column on these statements.

The general fund is the only fund for which the Town legally adopted a budget. The Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

Proprietary Funds: The Town of Madison maintains one proprietary fund, the Madison Electric Works. This fund is used to show activities that operate more like those of commercial enterprises. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Like the government-wide financial statements, proprietary fund financial statements use the accrual basis of accounting. No reconciliation is needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Statement of Cash Flows - Proprietary Funds.

Required Supplementary Information

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule - Budgetary Basis - Budget and Actual - General Fund, Schedule of Changes in Net OPEB Liability, Schedule of Changes in Net OPEB Liability and Related Ratios, Schedule of Contributions - OPEB and Notes to Required Supplementary Information.

Other Supplementary Information

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

Government-Wide Financial Analysis

Our analysis below focuses on the net position and changes in net position of the Town's governmental activities. The Town's total net position for governmental activities decreased by \$97,471 from \$10,664,039 to \$10,566,568. For the business-type activities, total net position decreased by \$279,442 from \$8,111,869 to \$7,832,427.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - increased for governmental activities to a balance of \$2,526,150 and decreased for the business-type activities to a balance of \$2,783,567.

Revenues and Expenses

Revenues for the Town's governmental activities decreased by 8.05%, while total expenses increased by 1.64%. Revenue decreased primarily due to grants and contributions not restricted to specific programs. The largest increases in expenses were in public works and education, offset by a decrease in unclassified.

Revenues for the Town's business-type activities increased by 0.56% while total expenses increased by 8.57%.

Financial Analysis of the Town's Fund Statements

Governmental funds: The financial reporting focus of the Town's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information may be useful in assessing the Town's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's financial position at the end of the year and the net resources available for spending.

Table 3
Town of Madison, Maine
Fund Balances - Governmental Funds
June 30,

	<u>2023</u>	<u>2022</u>	<u>Increase/ (Decrease)</u>
General Fund:			
Assigned	\$ 843,500	\$ 421,653	\$ 421,847
Unassigned	1,556,608	2,250,926	(694,318)
Total General Fund	<u>\$ 2,400,108</u>	<u>\$ 2,672,579</u>	<u>\$ (272,471)</u>
ARPA Fund:			
Restricted	\$ 280,000	\$ 453,044	\$ (173,044)
Total ARPA Fund	<u>\$ 280,000</u>	<u>\$ 453,044</u>	<u>\$ (173,044)</u>
Nonmajor Funds:			
Special Revenue Funds:			
Nonspendable	\$ 400,000	\$ 416,735	\$ (16,735)
Restricted	429,181	424,796	4,385
Assigned	205,239	176,753	28,486
Unassigned	(1,044)	(1,044)	-
Permanent Funds:			
Nonspendable	28,046	28,046	-
Restricted	156,851	131,694	25,157
Total Nonmajor Funds	<u>\$ 1,218,273</u>	<u>\$ 1,176,980</u>	<u>\$ 41,293</u>

The changes to total fund balances for the general fund and the aggregate nonmajor funds occurred due to the regular activity of operations. The activity in the ARPA fund was due to one-time federal grant activity.

Budgetary Highlights

There was no difference between the original and final budget for the general fund.

The general fund actual revenues exceeded budgeted amounts by \$337,107. This was the result of all revenue categories being receipted within or in excess of budgeted amounts with the exception of property taxes and miscellaneous revenues.

The general fund actual expenditures were under budgeted amounts by \$185,372. All expenditure categories were within or below budgeted amounts with the exception of town property, unclassified and transfers to other funds.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2023, the net book value of capital assets recorded by the Town decreased by \$2,887 from the prior year. This decrease was the result of capital additions of \$698,240 less net disposals of \$5,334 and current year depreciation expense of \$695,793.

Table 4
Town of Madison, Maine
Capital Assets (Net of Depreciation)
June 30,

	<u>2023</u>	<u>2022</u>
Land and non-depreciable assets	\$ 978,593	\$ 978,593
Buildings, building improvements and land improvements	690,983	713,300
Machinery, equipment and vehicles	1,267,540	847,036
Infrastructure	9,720,821	10,121,895
Total	<u>\$12,657,937</u>	<u>\$12,660,824</u>

Debt

As of December 31, 2022, the Town's business-type activities had \$780,275 in a bond and a note from direct borrowings payable versus \$975,147 as of December 31, 2021. The Town's governmental activities had no long-term debt as of June 30, 2023. Refer to Note 7 of Notes to Financial Statements for more detailed information.

Currently Known Facts, Decisions or Conditions

Economic Factors and Next Year's Budgets and Rates

On June 12, 2023, voters at Madison's Annual Town Meeting approved a total spending budget of \$3,938,449.07. To offset some of the 12% increase from the previous year's spending, voters also approved bringing forward \$700,000 from undesignated fund balance. During Town Meeting, voters finished allocating funds from Coronavirus Local Fiscal Recovery Funds (aka American Rescue Plan Act or ARPA funds). ARPA funds were allocated as follows: \$50,000 for Highway Equipment, \$150,000 for Road Surface Projects.

The continuation of strong housing prices meant that the Selectboard and the Assessors Agent had to implement a more aggressive strategy to valuations to keep a 90% sales ratio. Valuations were raised approximately 10% across the board. Despite lowering the tax rate from \$19.42 per thousand to \$16.70, the increase in valuations resulted in most taxpayers seeing an increase in their tax bill.

For the 2023 tax year, nearly 300 senior taxpayers had their property taxes frozen at the 2022 rate by applying for the Tax Stabilization Act (LD290) passed by the Maine Legislature in 2021. The stabilization resulted in a cost of approximately \$76,000 to the Town which received approximately 55% in reimbursement from the State. If additional funds are made available in the 2024 Supplemental State Budget, the Town will be made whole. LD290 was repealed and replaced in 2022 and towns no longer have to track frozen tax bills.

With a ribbon cutting in August of 2023, Timber HP began production of the first of three product lines at the former Madison Paper site. Work to build out equipment for full scale production continued through the summer and into winter. Over 90 jobs have been filled with the potential for a total of over 125 positions. The Town anticipates tax revenues in excess of \$350,000 in the early part of the Timber HP project development. Grant funding from the Northern Borders Regional Commission was used on site redevelopment. As of June 30, 2023, 80% of the original \$1,000,000 NBRC grant had been spent.

Turnover in Town staff will have an impact on the coming year. New hires at Town Manager, Town Clerk/Treasurer, Finance Director and Road Commissioner will bring a sharp learning curve to Town finances.

Contacting the Town's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers and investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, the Treasurer for the Town of Madison can be reached at P.O. Box 190, Madison, Maine 04950.

TOWN OF MADISON, MAINE

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2023

Net change in fund balances - total governmental funds (Statement E) \$ (404,222)

Amounts reported for governmental activities in the Statement of
Activities (Statement B) are different because:

Governmental funds report capital outlays as expenditures while
governmental activities report depreciation expense allocated to
those expenditures over the life of the assets:

Capital asset acquisitions	644,384
Capital asset net disposals	(5,334)
Depreciation expense	<u>(341,186)</u>
	<u>297,864</u>

Deferred outflows of resources are a consumption of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds	<u>(27,280)</u>
---	-----------------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds: Taxes and liens receivable	<u>12,879</u>
---	---------------

Deferred inflows of resources are an acquisition of net position by the government that are applicable to a future reporting period and therefore are not reported in the funds	<u>8,729</u>
---	--------------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds: Accrued compensated absences	5,175
Net OPEB liability	<u>9,384</u>
	<u>14,559</u>

Change in net position of governmental activities (Statement B)	<u><u>\$ (97,471)</u></u>
---	---------------------------

See accompanying independent auditor's report and notes to financial statements.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town of Madison was incorporated under the laws of the State of Maine. The Town operates under the selectboard-manager form of government and provides the following services: general government, public safety, public works, parks and recreation, cemeteries, community and social agencies, education, town property and unclassified.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The Town's combined financial statements include all accounts and all operations of the Town. Madison Electric Works (MEW), a department of the Town reported in the business-type activities, was created by a legislative act of the State of Maine for the purpose of performing all duties of the Town of Madison in connection with the management and operation of the service area's electric works. MEW services parts of the towns of Madison, Anson, Norridgewock and Starks. Operations of MEW are financed through usage fees charged to customers. Debt issued for MEW is backed by the full faith and credit of the Town. Financing costs for MEW debt are provided through user charges. The MEW has a fiscal year end of December 31st and the last separate financial statements were as of and for the year ended December 31, 2022. The amounts included in the Town's 2023 financial statements for MEW are as of and for the year ended December 31, 2022. Separately issued financial statements of MEW can be obtained by contacting the Electric Works' Superintendent at 6 Business Park Drive, Madison, ME.

Implementation of New Accounting Standards

During the year ended June 30, 2023, the following statements of financial accounting standards issued by the Governmental Accounting Standards Board became effective:

Statement No. 94 "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services and the prices or rates that can be charged for the services and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 96 "Subscription-Based Information Technology Arrangements". This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. Management has determined the impact of this Statement is not material to the financial statements.

Statement No. 99 "Omnibus 2022". The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The practice issues addressed by this Statement are to provide clarification of provisions in Statement No. 87, Leases, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset and identification of lease incentives, clarification of provisions in Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, related to (a) the determination of the public-private and public-public partnership (PPP) term and (b) recognition and measurement of installment payments and the transfer of the underlying PPP asset, clarification of provisions in Statement No. 96, Subscription-Based Information Technology Arrangements, related to the subscription-based information technology arrangement (SBITA) term, classification of a SBITA as a short-term SBITA and recognition and measurement of a subscription liability, extension of the period during which the London Interbank Offered Rate (LIBOR) is considered an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap that hedges the interest rate risk

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

of taxable debt, accounting for the distribution of benefits as part of the Supplemental Nutrition Assistance Program (SNAP), disclosures related to nonmonetary transactions, pledges of future revenues when resources are not received by the pledging government, clarification of provisions in Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, as amended, related to the focus of the government-wide financial statements, terminology updates related to certain provisions of Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position and terminology used in Statement 53 to refer to resource flows statements. Management has determined the impact of this Statement is not material to the financial statements.

Government-Wide and Fund Financial Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds).

Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Town's Madison Electric Works fund is categorized as a business-type activity. All other activities of the Town are categorized as governmental.

In the government-wide Statement of Net Position, the governmental and business-type activities columns are (a) presented on a consolidated basis by column and (b) reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts - net investment in capital assets, restricted net position and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (general government, public safety, etc.) excluding fiduciary activities. The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. For the most part, the interfund activity has been eliminated from these government-wide financial statements.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

Measurement Focus - Basic Financial Statements and Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements. The following fund types are used by the Town:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

Major Funds:

- a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. The NBRC Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- c. The ARPA Fund is used to account for the proceeds of federal revenue sources that are legally restricted to expenditures for specified purposes.

Nonmajor Funds:

- d. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- e. Permanent Funds are used to account for assets held by the Town that are legally restricted pursuant to Title 30-A, §5653 of the Maine State Statutes, as amended and unless otherwise specified, only earnings and not principal, may be used for purposes that benefit the Town or its citizenry. The Town's policy for authorizing and spending investment income follows State statutes.

2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Operating revenues include charges for services, intergovernmental reimbursements and other miscellaneous fees which are a direct result of the proprietary activity. Nonoperating revenues are any revenues which are generated outside of the general proprietary activity, i.e. interest income. The following is a description of the proprietary funds of the Town:

- a. Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) established fees and charges based on a pricing policy designed to recover similar costs.

The emphasis in fund financial statements is on the major funds in the governmental activities' category. Nonmajor funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Budget

The Town's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

1. Early in the second half of the year the Town prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the inhabitants of the Town was called for the purpose of adopting the proposed budget after public notice of the meeting was given.
3. The budget was adopted subsequent to passage by the inhabitants of the Town.

Deposits and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. The Town Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities
- Certificates of deposit and other evidence of deposits at banks, savings and loan associations and credit unions
- Repurchase agreements
- Money market mutual funds

The Town of Madison has no formal investment policy but instead follows the State of Maine Statutes.

Receivables

Receivables include amounts due from governmental agencies and local businesses. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are proven to be uncollectible. For the Town's governmental activities, the allowance for uncollectible accounts is estimated to be \$0 as of June 30, 2023. The Town's governmental activities accounts receivable netted with allowances for uncollectible accounts were \$69,960 for the year ended June 30, 2023. The Town's governmental activities notes receivable netted with allowances for uncollectible accounts were \$400,000 for the year ended June 30, 2023. For the Town's business-type activities, the allowance for uncollectible accounts is estimated to be \$195,000 as of December 31, 2022. The Town's business-type activities accounts receivable netted with allowances for uncollectible accounts were \$1,003,153 for the year ended December 31, 2022. The Town's business-type activities notes receivable netted with allowances for uncollectible accounts were \$787,313 for the year ended December 31, 2021.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventories

Inventories consist of expendable supplies held for consumption and are valued at cost which approximates market, using the first-in/first-out (FIFO) method. The costs of inventories are recorded as expenditures when used (consumption method). The proprietary fund inventory consists of parts on hand at the end of the year.

Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Any residual balances outstanding between governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances".

Transactions Between Funds

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of Governmental and Proprietary Funds.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated capital assets are reported at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town. The Town has not retroactively recorded infrastructure.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimated useful lives are as follows:

Buildings	20 - 50 years
Infrastructure	50 - 100 years
Machinery and equipment	3 - 50 years
Vehicles	3 - 25 years

Long-term Obligations

The accounting treatment of long-term obligations depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in government-wide statements. The long-term obligations consist of a bond payable, a note from direct borrowing payable, accrued compensated absences and net OPEB liability.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund statements as it is in the government-wide statements.

OPEB

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, management received and relied on an actuarial report provided to them by the Maine Municipal Employees Health Trust (MMEHT), which determined the Town's fiduciary net position as a single employer defined benefit plan based on information provided solely by MMEHT to complete the actuarial report. Additions to/deductions from the MMEHT OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by MMEHT. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

for those assets and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislations adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or restricted net position.

Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components - nonspendable, restricted, committed, assigned and unassigned.

Nonspendable - This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted - This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.

Committed - This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the Town. The inhabitants of the Town through Town meetings are the highest level of decision-making authority of the Town. Commitments may be established, modified or rescinded only through a Town meeting vote.

Assigned - This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is given annually by vote of the taxpayers and is expressed by the Selectboard.

Unassigned - This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless the Town meeting vote has provided otherwise in its commitment or assignment actions.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position and/or balance sheet will at times report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town currently has one type of item, deferred outflows related to OPEB. This item is reported in the statements of net position.

In addition to liabilities, the statement of financial position and or balance sheet will at times report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Deferred tax revenues, which arises only under a modified accrual basis of accounting, qualifies for reporting in this category. Accordingly, this item is reported in the governmental funds balance sheet. Prepaid taxes also qualify for reporting in this category. This item is reported in both the statements of net position and governmental funds balance sheet. Deferred inflows related to OPEB qualifies for reporting in this category as well. This item is reported only in the statement of net position. All items in this category are deferred and recognized as an inflow of resources in the period that the amounts become available.

Revenue Recognition - Property Taxes - Modified Accrual Basis

The Town's property tax for the current year was levied on August 12, 2022 at 19.42 mills on the assessed value listed as of April 1, 2022, for all real and personal property located in the Town. Taxes were due in two installments on September 15, 2022 and March 15, 2023. Interest on unpaid taxes commenced on September 16, 2022 and March 16, 2023, at 4% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay and amounted to \$19,006 for the year ended June 30, 2023.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Program Revenues

Program revenues include all directly related income items applicable to a particular program (charges to customers or applicants for goods, services or privileges provided, operating or capital grants and contributions, including special assessments).

Operating/Nonoperating Proprietary Fund Revenues

Operating revenues consist mainly of direct revenue sources and/or charges for services applicable to the fund's ongoing operations. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Encumbrance Accounting

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The Town does not utilize encumbrance accounting for its general fund.

Use of Estimates

During the preparation of the Town's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 2 - DEPOSITS AND INVESTMENTS

State statutes require that all investments made by the Town consider the safe and sound investment of principal and preservation of capital in the overall portfolio, maintenance of sufficient liquidity to meet day-to-day operations and other cash requirements and maximization of income, within established investment risk guidelines, with consistent cash flows throughout the budgetary cycle. These investment policies apply to all Town funds.

Deposits:

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits. The Town does not have a policy covering custodial credit risk for deposits. However, the Town maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF as defined in Title 30-A, Section 5706 of the Maine Revised Statutes.

At June 30, 2023, the Town's governmental activities cash and cash equivalents balance of \$3,094,256 was comprised of bank deposits and cash equivalents amounting to \$3,180,422. Bank deposits and cash equivalents are adjusted primarily by outstanding checks and deposits in transit to reconcile to the Town's cash and cash equivalents balance. Of these bank deposits, \$305,905 was insured by federal depository insurance and consequently was not exposed to custodial credit risk and \$2,818,662 was collateralized with securities held by the financial institution in the Town's name. The remaining deposits of \$10,639 were uncollateralized and uninsured.

Account Type	Bank Balance
Checking accounts	\$ 264,034
Savings accounts	323
ICS accounts	52,187
Repurchase agreements	2,818,662
Cash and cash equivalents	45,216
	<u>\$ 3,180,422</u>

At December 31, 2022, the Town's business-type activities cash balance amounting to \$1,316,156 were comprised of bank deposits of \$1,419,460. Bank deposits are adjusted primarily by outstanding checks and deposits in transit to reconcile to the Town's cash balance. Of these bank deposits, \$262,277 were fully insured by federal depository insurance and consequently were not exposed to custodial credit risk. The remaining deposits of \$1,157,183 were uncollateralized and uninsured.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Investments:

Custodial credit risk for investments is that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Currently, the Town does not have a policy for custodial credit risk for investments.

Interest rate risk - The risk that changes in interest rates will adversely affect the fair value of an investment. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from fluctuations in interest rates.

At June 30, 2023, the Town's investment balances amounting to \$473,830 were comprised of debt securities, mutual funds and equities and options. All of the Town's investments were fully covered by the Securities Investor Protection Corporation (SIPC).

Investment Type	Fair Value	Maturity		
		N/A	<1 Year	1 - 5 Years
Debt Securities:				
Corporate bonds	\$ 127,533	\$ -	\$ 28,116	\$ 99,417
Equity Securities:				
Mutual funds	339,014	339,014	-	-
Equities and options	7,283	7,283	-	-
	<u>\$ 473,830</u>	<u>\$ 346,297</u>	<u>\$ 28,116</u>	<u>\$ 99,417</u>

Fair Value Hierarchy:

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Town has the following recurring fair value measurements as of June 30, 2023:

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

	June 30, 2023 Total	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level I)	Significant Other Observable Inputs (Level II)	Significant Unobservable Inputs (Level III)
<u>Investments by fair value level</u>				
Debt securities:				
Corporate bonds	\$ 127,533	\$ -	\$ 127,533	\$ -
Total debt securities	127,533	-	127,533	-
Equity securities:				
Mutual funds - domestic and foreign	339,014	339,014	-	-
Equities and options	7,283	7,283	-	-
Total equity securities	346,297	346,297	-	-
Total investments by fair value level	473,830	\$ 346,297	\$ 127,533	\$ -
<u>Cash equivalents measured at the net asset value (NAV)</u>				
Money market mutual funds	45,216			
Total cash equivalents measured at the NAV	45,216			
Total investments and cash equivalents measured at fair value	\$ 519,046			

Equity securities classified in Level I of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level II of the fair value hierarchy are valued from publicly reliable sources or using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The Town has no Level III investments. The fair value of money market mutual funds that are measured at NAV per share (or its equivalent) is calculated as of June 30, 2023 in a manner consistent with the Financial Accounting Standards Board's measurement principles for investment companies.

Credit risk - Statutes for the State of Maine authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. The Town does not have an investment policy on credit risk. Generally, the Town invests excess funds in repurchase agreements and savings accounts. Certain long-term trust funds are invested through a financial institution with trust powers in a mix of securities that comply with state and federal regulations to provide long-term growth and income. The Town's investments in corporate bonds were not rated.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 3 - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2023 consisted of the following individual fund receivables and payables.

	Receivables (Due from)	Payables (Due to)
General Fund	\$ 4,644	\$ 514,355
ARPA Fund	280,000	-
Nonmajor Special Revenue Funds	234,355	1,044
Nonmajor Permanent Funds	-	3,600
	<u>\$ 518,999</u>	<u>\$ 518,999</u>

The result of amounts owed between funds are considered to be in the course of normal operations by the Town. Reconciliation of the amounts owed between funds may or may not be expected to be repaid within one year in their entirety due to the recurring nature of these transactions during operations.

NOTE 4 - INTERFUND TRANSFERS

Interfund transfers at June 30, 2023 consisted of the following:

	Transfers In	Transfers Out
General Fund	\$ 150,000	\$ 1,013,818
Nonmajor Special Revenue Funds	1,013,818	150,000
	<u>\$ 1,163,818</u>	<u>\$ 1,163,818</u>

Interfund transfers are the results of legally authorized activity and are considered to be in the course of normal operations. Significant transfers that occurred were between the General Fund and the Backyard Farms Capture and Retain TIF and Backyard Farms Capture and Return TIF.

TOWN OF MADISON, MAINE

Subtotal business-type	<u>354,607</u>
Total depreciation expense	<u>\$ 695,793</u>

NOTE 6 - NOTES RECEIVABLE

Amounts recorded as loans receivable represent notes made under an economic development program to local businesses. Management has determined that no allowance for loan losses is necessary at June 30, 2023. Bad debt expense for the year ended June 30, 2023 was \$0. The portion of the notes receivable balance expected to be collected beyond a period of one year is reported in the fund financial statements as nonspendable because those resources are unavailable for use in the near term.

In 2006 the Electric Works expended funds for the infrastructure costs associated with supplying power to Backyard Farms LLC's greenhouse. Under an agreement, signed March 12, 2007, Backyard Farms agreed to reimburse the Electric Works \$3,000,000 for these costs and make monthly payments of \$19,289 including interest (which corresponds with the interest for the long-term debt at Note F) through June 2026. During the year ended December 31, 2016, the Electric Works refinanced the associated long-term debt. Over the remaining bond term, this will result in a reduction of interest costs of approximately \$180,000. This savings will be passed on to Backyard Farms LLC resulting in reduced payments, which began in May 2017. Monthly payments are \$17,914.

Since the underlying assets constructed will remain property of the Electric Works, \$3,000,000 was recognized as contributions in aid of construction in the statement of revenues, expenses and changes in net position in 2006.

Amounts outstanding on the note receivable at December 31 are as follows:

	<u>2022</u>	<u>2021</u>
Notes receivable from Backyard Farms, LLC	\$ 787,313	\$ 975,583
Less current portion	<u>(194,481)</u>	<u>(188,740)</u>
Note receivable, less current portion	<u>\$ 592,832</u>	<u>\$ 786,843</u>

2025	140,000	13,050	2,351	25	155,426
2026	140,000	8,850	-	-	148,850
2027	135,000	3,375	-	-	138,375
	<u>\$ 710,000</u>	<u>\$ 64,350</u>	<u>\$ 70,275</u>	<u>\$ 2,685</u>	<u>\$ 847,310</u>

No interest costs were capitalized during the period. The amount of interest costs incurred and charged to expense for the year ended December 31, 2022 was \$28,106 for business-type activities.

All bonds payable and notes from direct borrowings payable are direct obligations of the Town, for which its full faith and credit are pledged. The Town is not obligated for any special assessment debt. All debt for the Town's governmental activities is payable from taxes levied on all taxable property within the Town, while all debt for the Town's business-type activities is payable from charges for services levied on the customers of the Electric Works.

NOTE 8 - OTHER LONG-TERM OBLIGATIONS

The following is a summary of changes in the other long-term obligations for the year ended June 30, 2023:

	Balance, 7/1/22	Additions	Deletions	Balance, 6/30/23	Current Portion
<i>Governmental activities:</i>					
Accrued compensated absences	\$ 60,775	\$ -	\$ (5,175)	\$ 55,600	\$ 5,560

NOTE 8 - LONG-TERM OBLIGATIONS (CONTINUED)

The following is a summary of changes in the long-term obligations for business-type activities for the year ended December 31, 2022:

	Balance, 1/1/22	Additions	Deletions	Balance, 12/31/22	Current Portion
<i>Business-type activities:</i>					
Accrued compensated absences	\$ 102,473	\$ -	\$ (5,884)	\$ 96,589	\$ 12,074
Net OPEB liability	114,864	5,718	(49,796)	70,786	-
	<u>\$ 217,337</u>	<u>\$ 5,718</u>	<u>\$ (55,680)</u>	<u>\$ 167,375</u>	<u>\$ 12,074</u>

Please see Notes 9, 20 and 21 for more detailed information on each of these long-term obligations.

NOTE 9 - ACCRUED COMPENSATED ABSENCES

The Town's policies regarding vacation and sick time permit employees to accumulate earned but unused vacation and sick leave. The liability for these compensated absences are recorded as a long-term obligation in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred. As of June 30, 2023, the Town's governmental activities liability for compensated absences is \$55,600. As of December 31, 2022, the Town's business-type activities liability for compensated absences is \$96,589.

NOTE 10 - NET INVESTMENT IN CAPITAL ASSETS

The following is the calculation of the net investment in capital assets for the Town at June 30, 2023/December 31, 2022:

<i>Governmental activities:</i>

NOTE 16 - OVERLAPPING DEBT

The Town is contingently liable for its proportionate share of any defaulted debt by entities of which it is a member. As of June 30, 2023, the Town's share of school and county debt was as follows:

	<u>Outstanding Debt</u>	<u>Town's Percentage</u>	<u>Total Share</u>
County of Somerset	\$ 7,160,000	6.03%	\$ 431,748
MSAD No. 59	1,728,333	100.00%	<u>1,728,333</u>
			<u><u>\$ 2,160,081</u></u>

NOTE 17 - ECONOMIC DEPENDENCY

A single taxpayer, Eagle Creek Renewable Energy, is assessed approximately \$592,092 or approximately 8.70% of the Town of Madison's current year tax commitment.

NOTE 18 - TAX INCREMENT FINANCING DISTRICT AND ABATEMENTS

Tax Increment Financing District

The Town has established a tax increment financing district in accordance with Maine statutes to finance economic development programs located in the Town of Madison, Maine. The expenditures from these development programs will be recovered in future years through an incremental tax levied upon the district's so called "captured assessed value". A portion of the incremental tax revenues will be returned to the district to repay principal and interest on any indebtedness, to fund the expenditures of the development program and to finance future expansion.

Backyard Farms Municipal Development and Tax Increment Financing District

On March 30, 2006, the Madison Selectboard, as well as the Maine Department of Economic and Community Development, approved a Tax Increment Financing District to expand and diversify the Town's tax base and improve its economy. The original District, known as the "Backyard Farms Tract," is comprised of 160 acres with an original assessed value of \$349,840. This agreement was amended in February of 2008 to adjust the District boundaries and to add 85 acres of town-owned public roads. This area is known as "Town Tract 1." In November of 2013 a second amendment request was approved to further adjust the District boundaries and add an additional 94.46 acres with an original assessed value of \$6,817,100. This area is known as

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 18 - TAX INCREMENT FINANCING DISTRICT AND ABATEMENTS
(CONTINUED)

“Town Tract 2.” The potential projects that will be implemented under this Development Program include: the development of up to 8 multi-acre greenhouses, a cogeneration facility and other ancillary improvements, along with the related machinery and equipment, reconstruction and maintenance of roads, sidewalks and infrastructure, construction of a centrally located public safety building, creation of a local transfer station, economic development planning and administrative expenses associated with the development effort. The Town anticipates over the life of the district that new development, rehabilitation and redevelopment will result in approximately \$31,641,914 in new taxable value. Tax increment revenues generated from this value over the life of the district will be approximately \$14,849,791. The Development Program provides for 100% of the increase in assessed value of the Backyard Farms Tract to be captured and designated as captured assessed value for 30 years, starting with the Town’s 2007-2008 fiscal year. The Town will not capture any of the increased assessed value of Town Tract 1 or Town Tract 2. The tax increment revenues will be deposited by the Town into the Development Program Fund for a period of 30 years. The Development Program Fund is pledged to and charged with the payment of the project costs in the manner provided in 30-A M.R.S.A. §5227(3)(A).

The TIF District will remain in place for a period of 30 years from adoption. The allocation of tax increment revenues, through a credit enhancement agreement, to be paid to owners/developers of specified property, will commence by agreement between the Town and the owner/developer and will continue for a period of 15 or 20 years or the remainder of the term of the District designation, whichever is less. The actual term will depend on a combination of Company investment in the Backyard Farms Tract of the District and the number of full-time employees (Less than \$60 million invested and less than 170 full-time employees - lesser of 15 years or the remainder of the District term. \$60 million or more invested and 170 or more full-time employees - lesser of 20 years or the remainder of the District term). The percentage of TIF revenues to be paid to the Company varies from 70% to 75%, depending on the number of full-time employees hired and retained by the Company (Less than 350 full-time employees - 70% returned to the Company and 30% retained by the Town. 350 or more full-time employees - 75% returned to the Company and 25% retained by the Town). If the value of the taxable property within the original District drops below \$8 million, the Company will not receive any TIF revenues. The remaining amount will be retained by the Town and used to fund the development plan of the District. The Selectboard shall determine, in its discretion, whether it is necessary or appropriate to enter any Credit Enhancement Agreement to grant these abatements. The state law does not provide for the recapture of abated taxes in the event an abatement recipient does not fill the commitment it makes in return for the tax abatement. The Town reserves the right to incur

NOTE 18 - TAX INCREMENT FINANCING DISTRICT AND ABATEMENTS
(CONTINUED)

indebtedness to finance, in part or in whole, the projects within the Development Program. Any projects financed through municipal bonded indebtedness must be approved in advance by the Madison voters.

Woodlands Senior Living of Madison Municipal Development and Tax Increment Financing District

On July 8, 2020, the Madison Selectboard, as well as the Maine Department of Economic and Community Development, approved a Tax Increment Financing District to expand and diversify the Town's tax base and improve its economy. The original District, known as the "Woodlands Tract," is comprised of 7.11 acres with an original assessed value of \$27,400. The project that resulted in this Development Program is the first purpose-built ground-up memory care facility in the Madison area.

Completed in May of 2021, the 20,000 square foot community accommodates 42 residents and employs 32 full time people. The overall value of the facility is \$5.2M which includes a captured value of over \$5M in the Woodlands TIF District. 100% of the Woodlands Tract value will be captured assessed value for 15 years, through 2035.

The allocation of tax increment revenues, through a credit enhancement agreement, are paid to owners/developers of the Woodlands property throughout the 15-year period of the agreement. The Town of Madison will retain 15% of real estate property tax revenues and will return 85% to Woodlands.

Abatements

The Town has not made any commitments as part of the Credit Enhancement Agreements other than to reduce taxes. The Town is not subject to any tax abatement agreements entered into by other governmental entities. The Town currently has two tax abatement agreements, the Backyard Farms Municipal Development and Tax Increment Financing District and the Woodlands Senior Living of Madison Municipal Development and Tax Increment Financing District, which are summarized below:

Backyard Farms Municipal Development and Tax Increment Financing District

In March of 2006, the Town of Madison entered into a credit enhancement agreement with Backyard Farms, LLC for the development of the Backyard Farms greenhouse facility. The agreement is effective for 20 years. 70% of the property taxes to be generated on the improvements within the District will be returned to the developer and 30% will be retained by the Town and used to fund the development plan of the

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 18 - TAX INCREMENT FINANCING DISTRICT AND ABATEMENTS
(CONTINUED)

District. If certain hiring thresholds are achieved by Backyard Farms at any point during the 20 year period, the percentage of tax increment revenues captured and returned to Backyard Farms, LLC would increase from 70% to 75%. As such, the percentage of tax increment revenues captured and retained by the Town would decrease from 30% to 25%.

Woodlands Senior Living of Madison Municipal Development and Tax Increment Financing District

In July of 2020, the Town of Madison entered into a credit enhancement agreement with Woodlands Senior Living of Madison, LLC for the development of the Woodlands memory care facility. The agreement is effective for 15 years. 85% of the property taxes to be generated on the improvements within the District will be returned to the developer and 15% will be retained by the Town and used to fund the development plan of the District.

For the fiscal year ended June 30, 2023, the Town abated property taxes for the following programs:

<u>Tax Abatement Program</u>	<u>Percentage of Taxes Abated During the Fiscal Year</u>	<u>Amount of Taxes Abated During the Fiscal Year</u>
Backyard Farms Municipal Development and Tax Increment Financing District	46%	\$ 417,970
Woodlands Senior Living of Madison Municipal Development and Tax Increment Financing District	85%	\$ 82,999

The total amount of captured tax increment revenues for this TIF District was \$680,100. The amount of captured tax increment revenues returned to Backyard Farms LLC was \$417,970, representing 46% of the total captured tax increment revenues. The remaining 50% (\$179,131) was retained by the Town for economic development and infrastructure initiatives. In addition, the BETE reimbursement from the State (\$319,071) related to the property added in this TIF district is also captured and retained for the noted designated purpose for a total of \$498,202. The amount of captured tax increment revenues returned to Woodlands Senior Living of Madison LLC was \$82,999, representing 85% of the total captured tax increment revenues. The remaining 15% (\$14,647) was retained by the Town for economic development and infrastructure initiatives.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 19 - DEFERRED COMPENSATION PLAN

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan is administered by MissionSquare Retirement.

The plan, available to all full-time and permanent part-time Town employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts and all income attributable to those amounts, property or rights are solely the property and rights of the participants. All assets are protected by a trust arrangement from any claims on the Town and from any use by the Town other than paying benefits to employees and their beneficiaries in accordance with the plan.

The Town's deferred compensation plan contribution for the employees for the year ended June 30, 2023, was approximately \$73,120 which was expensed to the general fund. The amount withheld from the Town's employees' as deferred compensation which was contributed to the plan was approximately \$45,010 which was charged to the general fund as wages. In addition, Madison Electric Works is allowed to participate in the plan. The amount contributed to the plan from Madison Electric Works (both employee and employer portions) was approximately \$141,000 for the year ended December 31, 2022, which was reimbursed in full by the Electric Works.

NOTE 20 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - TOWN

MAINE MUNICIPAL EMPLOYEES' HEALTH TRUST

Plan Description

The Town and Town retirees contribute to the Town's OPEB Plan with the Maine Municipal Employees Health Trust (MMEHT), a single employer defined benefit plan. Contributions and membership in this Plan are voluntary and may be terminated at any time by the Town and/or the Town retirees. MMEHT is a fully funded, self-insured trust which provides benefits to municipal and quasi-municipal organizations and county governments and acts as the agent to the Town concerning administration of this Plan. Title 24-A Chapter 81 of the Maine Revised Statutes Annotated authorizes the regulation of MMEHT as a Multiple Employer Welfare Arrangement by the State of Maine Bureau of Insurance. Benefits and plans are designed and governed by MMEHT participants and are administered by a number of third-party administrators contracted by MMEHT. No assets are accumulated in a trust that meets the criterion of paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment*

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 20 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - TOWN
(CONTINUED)

Benefits Other Than Pensions. MMEHT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by MMEHT at (800) 852-8300.

Benefits Provided

This Plan provides medical/prescription drug benefits during retirement to Medicare and non-Medicare retirees and their surviving spouses with varying levels of benefits determined by voluntary plan selection by the retiree as well as applicable Medicare statutes and regulations. The Plan also provides an automatic life insurance benefit of \$2,000 to participants which includes a surviving spouse benefit for the same. The employee must meet the minimum requirement of age 55 with at least 5 years of service at retirement to be eligible for the Plan. The retiree must enroll when first eligible and continue coverage without interruption.

Employees Covered by Benefit Terms

At January 1, 2023, the following employees were covered by the benefit terms:

Active members	16
Retirees and spouses	<u>0</u>
Total	<u><u>16</u></u>

Contributions

Retiree and spouse premium amounts are funded by the retiree at the rate for the coverage elected by the retiree. Premium rates are those determined by the MMEHT's Board of Trustees to be actuarially sufficient to pay anticipated claims. Premiums for retiree life insurance coverage are factored into the premiums paid for basic coverage. Retirees and spouses must contribute 100% of the premium amounts. The sponsoring employer pays the remainder of the premium. Medical benefits are provided for the life of the retiree and surviving spouses.

Retiree Premium Amounts

The following monthly premium amounts were reported on the individual data file. Actual plan election was reflected in expected retiree premium amounts.

Total OPEB Liability, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the Town reported a liability of \$179,379 for its total OPEB liability for this Plan. The total OPEB liability was measured as of January 1, 2023 and was determined by an actuarial valuation as of that date. The Town's total OPEB liability was based on the Entry Age Normal Actuarial Cost Method which does not reflect future changes in benefits, subsidies, penalties, taxes or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010 (ACA) related legislation and regulations.

For the year ended June 30, 2023, the Town recognized OPEB expense of \$9,167. At June 30, 2023, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>MMEHT</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 14,263	\$ 87,047
Changes of assumptions	35,060	33,119
Contributions subsequent to the measurement date	1,256	-
Total	<u>\$ 50,579</u>	<u>\$ 120,166</u>

\$1,256 were reported as deferred outflows of resources related to OPEB resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Discount Rate

The discount rate is the assumed interest rate used for converting projected dollar related values to a present value as of the valuation date of January 1, 2023. The discount rate determination is based on the high-quality AA/Aa or higher bond yields in effect for 20-year, tax-exempt general obligation municipal bonds using the Bond Buyer 20-Bond GO Index. The rate of 3.72% per annum for June 30, 2023 was based upon a measurement date of December 29, 2022. The sensitivity of net OPEB liability to changes in discount rate are as follows:

	<u>1% Decrease</u>	<u>Discount Rate</u>	<u>1% Increase</u>
	2.72%	3.72%	4.72%
Total OPEB liability	\$ 208,752	\$ 179,379	\$ 155,162
Plan fiduciary net position	-	-	-
Net OPEB liability	<u>\$ 208,752</u>	<u>\$ 179,379</u>	<u>\$ 155,162</u>
Plan fiduciary net position as a percentage of the total OPEB liability	0.00%	0.00%	0.00%

Healthcare Trend

The healthcare trend is the assumed dollar increase in dollar-related values in the future due to the increase in the cost of health care. The healthcare cost trend rate is the rate of change in per capita health claim costs over time as a result of factors such as medical inflation, utilization of healthcare services, plan design and technological developments. The sensitivity of net OPEB liability to changes in healthcare cost trend rates are as follows:

Plan fiduciary net position as a percentage of the total OPEB liability	0.00%	0.00%	0.00%

Actuarial Methods and Assumptions

The total OPEB liability for the Plan was determined by an actuarial valuation as of January 1, 2023, using the following methods and assumptions applied to all periods included in the measurement:

Actuarial Cost Method

The Entry Age Normal Actuarial Cost Method is used to determine costs. Under this funding method, a normal cost rate is determined as a level percent of pay for each active Plan member and then summed to produce the total normal cost for this Plan. The unfunded actuarial liability is the difference between the actuarial liability and the actuarial value of assets.

For medical and pharmacy, historical claims and census records were assembled and provided through June 30, 2021. Medicare and non-Medicare eligible medical and prescription experience were analyzed. It was assumed that current enrollment distribution of benefit options would remain constant in the future for retirees. The cost was distributed based on the current covered population and the actuary's standard age curves which vary by age, gender and Medicare status. Children costs are converted to a load on the non-Medicare retirees which implicitly assumes that future retirees will have the same child distribution as current retirees.

Assumptions

The actuarial assumptions used in the January 1, 2023 actuarial valuation were adopted by the Maine State Retirement Consolidated Plan for Participating Local Districts as of June 30, 2021 and based on the experience study covering the period from June 30, 2016 through June 30, 2020. As of January 1, 2023, they are as follows:

Discount Rate - 3.72% per annum for year ending 2023 reporting. 2.06% per annum for year end 2022 reporting.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 20 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - TOWN
(CONTINUED)

Trend Assumptions:

Medical Trend assumptions were developed using the Society of Actuaries (SOA) Long-Run Medical Cost Trend Model. The SOA model was released in December 2007 and version 2023_fl was used for this valuation. The following assumptions were input into this model:

<u>Variable</u>	<u>Rate</u>
Rate of Inflation	3.00%
Rate of Growth in Real Income/GDP per capital 2032+	1.50%
Extra Trend due to Taste/Technology 2032+	0.80%
Expected Health Share of GDP 2032	19.80%
Health Share of GDP Resistance Point	19.00%
Year for Limiting Cost Growth to GDP Growth	2043

The SOA Long-Run Medical Cost Trend Model and its baseline projection are based on an econometric analysis of historical U.S. medical expenditures and the judgements of experts in the field. The long-run baseline projection and input variables have been developed under the guidance of the SOA Project Oversight Group. The rate for the extra trend for taste and technology was set above the baseline of 1.1% (to 1.2%) to move closer to the 30-year average to reflect the future projections from the Centers for Medicare and Medicaid Services Office of the Actuary (CALM OACT). The Medicare Trustee Report and CBO Long-Term Budget Outlook.

The trends selected from 2023 to 2026 were based on plan design, population weighting, renewal projections, and market analysis. For years 2027 to 2031, these are interpolated from 2026 to 2032 (which is the product of the inflation, GDP and extra trend rate assumptions).

Deductibles, Co-payments and Out of Pocket Maximums are assumed to increase at the above trend rates. The ultimate trend rate reflects an assumed nominal per capital GDP growth.

Administrative and claims expense - 3% per annum.

Future plan changes - Assumes that the current Plan and cost-sharing structure remain in place for all future years.

Retirement Rates - Rates vary for plans with no explicit employer subsidy (or payment) versus those plans defining an explicit employer subsidy (or payment).

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 20 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - TOWN
(CONTINUED)

The rates are based on assumptions from the Maine State Retirement Consolidated Plan for Participating Local District at June 30, 2021.

Retirement Contribution Increases - Assumed to increase at the same rate as incurred claims. A constant cost sharing in plan design between employer and employees is assumed.

Family Enrollment Composition - For males, 50% of future retirees under the age of 65 and 50% of current retirees are married and elect spousal coverage while females are at 30% for both. 25% of male and female future retirees over the age of 65 are married and elect spousal coverage.

Age Difference of Spouses - Husbands are assumed to be 3 years older than wives.

Administrative expenses - Included in the per capita claims cost.

Disability Incidence - Disabled lives will be considered active employees and will not be valued separately.

Salary Increase Rate - 2.75% per year assumed using the level percentage of pay entry age method.

Dates of Hire - Needed to be assumed for some employees and will be based on the average age at hire for similar employees.

Rate of Mortality:

Healthy Annuitant- Based on 112.1% and 118.5% of the 2010 Public Plan General Benefits-Weighted Healthy Retiree Mortality Table, respectively, for males and females. The proposed rates are projected generationally using the RPEC_2020 model, with an ultimate rate of 1.00% for ages 80 and under, grading down to 0.05% at age 95, and further grading down to 0.00% at age 115, along with convergence to the ultimate rates in the year 2027. All other parameters used in the RPEC_2020 model are those included in the published MP-2020 scale. As prescribed by the Trust, mortality rates were taken from the assumptions for the Maine State Retirement Consolidated Plan for Participating Local Districts at June 30, 2021.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 20 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - TOWN
(CONTINUED)

Active Employees - Rates of mortality are based on 83.5% and 88.6% of the 2010 Public Plan General Benefits- Weighted Employee Mortality Table, respectively, for males and females. These rates are generationally projected using the same version of the RPEC_2020 model as described in the healthy annuitant mortality. As prescribed by the Trust, mortality rates were taken from the assumptions for the Maine State Retirement Consolidated Plan for Participating Local Districts at June 30, 2021.

Retiree Continuation Percentage:

Medicare participant retirees - 100% assumed to continue in the plan elected.

Pre-Medicare plan retirees and active participants - 75% assumed to continue coverage once Medicare-eligible

Pre-Medicare plan spouses and spouses of active participants - 50% assumed to continue coverage once Medicare-eligible

Changes in Net OPEB Liability

Changes in net OPEB liability are recognized in OPEB expense for the year ended June 30, 2023 with the following exceptions:

Differences between Expected and Actual Experience

The difference between expected and actual experience are recognized in OPEB expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources. The difference between expected and actual experience as of January 1, 2023 was (\$72,784).

Changes in Assumptions

Differences due to changes in assumptions about future economic, demographic or claim and expense factors or other inputs are recognized in OPEB expense using a straight-line amortization method over a closed period equal to the average expected remaining service lives of active and inactive members in each plan. The actuarial assumptions used in the January 1, 2023 actuarial valuation were adopted by the Maine State Retirement Consolidated Plan for Participating Local Districts as of June 30, 2021

TOWN OF MADISON, MAINE

and based on the experience study covering the period from June 30, 2016 through June 30, 2020. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

Differences between Projected and Actual Earnings on OPEB Plan Investments

Differences between projected and actual investment earnings are recognized in OPEB expense using a straight-line amortization method over a closed five-year period. The first year is recognized as OPEB expense and the remaining years are shown as either deferred outflows of resources or deferred inflows of resources.

OPEB Plan Fiduciary Net Position

Additional financial and actuarial information with respect to this Plan can be found at the Town Office at P.O. Box 190, Madison, Maine 04950.

NOTE 21 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - MADISON
ELECTRIC WORKS

MAINE MUNICIPAL EMPLOYEES' HEALTH TRUST

Plan Description

The Electric Works and Electric Works retirees contribute to the Electric Works' OPEB Plan with the Maine Municipal Employees Health Trust (MMEHT), a single employer defined benefit plan. Contributions and membership in this Plan are voluntary and may be terminated at any time by the Electric Works and/or the Electric Works retirees. MMEHT is a fully funded, self-insured trust which provides benefits to municipal and quasi-municipal organizations and county governments and acts as the agent to the Electric Works concerning administration of this Plan. Title 24-A Chapter 81 of the Maine Revised Statutes Annotated authorizes the regulation of MMEHT as a Multiple Employer Welfare Arrangement by the State of Maine Bureau of Insurance. Benefits and plans are designed and governed by MMEHT participants and are administered by a number of third-party administrators contracted by MMEHT. No assets are accumulated in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. MMEHT issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by MMEHT at (800) 852-8300.

NOTE 21 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - MADISON
ELECTRIC WORKS (CONTINUED)

Benefits Provided

This Plan provides medical/prescription drug benefits during retirement to Medicare and non-Medicare retirees and their surviving spouses with varying levels of benefits determined by voluntary plan selection by the retiree as well as applicable Medicare statutes and regulations. The Plan also provides an automatic life insurance benefit of \$2,000 to participants which includes a surviving spouse benefit for the same. The employee must meet the minimum requirement of age 55 with at least 5 years of service at retirement to be eligible for the Plan. The retiree must enroll when first eligible and continue coverage without interruption.

Employees Covered by Benefit Terms

At January 1, 2022, the following employees were covered by the benefit terms:

Active members	7
Retirees and spouses	<u>2</u>
Total	<u><u>9</u></u>

Contributions

Retiree and spouse premium amounts are funded by the retiree at the rate for the coverage elected by the retiree. Premium rates are those determined by the MMEHT's Board of Trustees to be actuarially sufficient to pay anticipated claims. Premiums for retiree life insurance coverage are factored into the premiums paid for basic coverage. Retirees and spouses must contribute 100% of the premium amounts. The sponsoring employer pays the remainder of the premium. Medical benefits are provided for the life of the retiree and surviving spouses.

Retiree Premium Amounts

The following monthly premium amounts were reported on the individual data file. Actual plan election was reflected in expected retiree premium amounts.

<u>Pre-Medicare</u>	<u>Single Coverage</u>	<u>Family Coverage</u>
POS C	\$1,119	\$2,509
PPO 1500	\$921	\$2,065
<u>Medicare</u>		
Medicare-Eligible Retirees	\$589	\$1,178

NOTE 21 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - MADISON
ELECTRIC WORKS (CONTINUED)

**Total OPEB Liability, OPEB Expense and Deferred Outflows of Resources
and Deferred Inflows of Resources Related to OPEB**

At December 31, 2022, the Electric Works reported a liability of \$70,786 for its total OPEB liability for this Plan. The total OPEB liability was measured as of January 1, 2022 and was determined by an actuarial valuation as of that date. The Electric Works' total OPEB liability was based on the Entry Age Normal Actuarial Cost Method which does not reflect future changes in benefits, subsidies, penalties, taxes or administrative costs that may be required as a result of the Patient Protection and Affordable Care Act of 2010 (ACA) related legislation and regulations.

For the year ended December 31, 2022, the Electric Works recognized OPEB revenue of \$15,941. At December 31, 2022, the Electric Works reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	MMEHT	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 10,697	\$ 41,267
Changes of assumptions	18,174	7,069
Net difference between projected and actual earnings on OPEB plan investments	-	-
Total	\$ 28,871	\$ 48,336

\$0 were reported as deferred outflows of resources related to OPEB resulting from Electric Works contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

TOWN OF MADISON, MAINE

Actuarial Methods and Assumptions

The total OPEB liability for the Plan was determined by an actuarial valuation as of January 1, 2022, using the following methods and assumptions applied to all periods included in the measurement:

Actuarial Cost Method

The Entry Age Normal Actuarial Cost Method is used to determine costs. Under this funding method, a normal cost rate is determined as a level percent of pay for each active Plan member and then summed to produce the total normal cost for this Plan. The unfunded actuarial liability is the difference between the actuarial liability and the actuarial value of assets.

For medical and pharmacy, historical claims and census records were assembled and provided through June 30, 2020. Medicare and non-Medicare eligible medical and prescription experience were analyzed. It was assumed that current enrollment distribution of benefit options would remain constant in the future for retirees. The cost was distributed based on the current covered population and the actuary's standard age curves which vary by age, gender and Medicare status. Children costs are converted to a load on the non-Medicare retirees which implicitly assumes that future retirees will have the same child distribution as current retirees.

Assumptions

The actuarial assumptions used in the January 1, 2022 actuarial valuation were adopted by the Maine State Retirement Consolidated Plan for Participating Local Districts as of June 30, 2021 and based on the experience study covering the period from June 30, 2016 through June 30, 2020. As of January 1, 2021, they are as follows:

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 21 - OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN - MADISON
ELECTRIC WORKS (CONTINUED)

Discount Rate - 2.06% per annum for year end 2022 reporting. 2.12% per annum for 2021 year end reporting.

Trend Assumptions:

Medical Trend assumptions were developed using the Society of Actuaries (SOA) Long-Run Medical Cost Trend Model. The SOA model was released in December 2007 and version 2022_fa was used for this valuation. The following assumptions were input into this model:

<u>Variable</u>	<u>Rate</u>
Rate of Inflation	2.40%
Rate of Growth in Real Income/GDP per capital 2031+	1.10%
Extra Trend due to Taste/Technology 2031+	1.00%
Expected Health Share of GDP 2031	19.00%
Health Share of GDP Resistance Point	20.00%
Year for Limiting Cost Growth to GDP Growth	2042

The SOA Long-Run Medical Cost Trend Model and its baseline projection are based on an econometric analysis of historical U.S. medical expenditures and the judgements of experts in the field. The long-run baseline projection and input variables have been developed under the guidance of the SOA Project Oversight Group.

The trends selected from 2022 to 2025 were based on plan design, population weighting, renewal projections and market analysis. For years 2026 to 2030, these are interpolated from 2025 to 2031 (which is the product of the inflation, GDP and extra trend rate assumptions).

Deductibles, co-payments and out of pocket maximums are assumed to increase at the above trend rates. The ultimate trend rate reflects an assumed nominal per capital GDP growth.

Administrative and claims expense: 3% per annum

Future plan changes: It is assumed that the current Plan and cost-sharing structure remains in place for all future years.

Retirement Rates - Rates vary for plans with no explicit employer subsidy (or payment) versus those plans defining an explicit employer subsidy (or payment).

OPEB Plan Fiduciary Net Position

Additional financial and actuarial information with respect to this Plan can be found at the Madison Electric Works' office at 6 Business Park Drive, Madison, Maine.

NOTE 22 - RISK MANAGEMENT

The Town faces a full realm of risks typical of a thriving entity. Liabilities associated with torts and protections against damage of loss of assets are the general categories of risk for which the Town carries commercial insurance. Specific insurance related to these categories includes general, police and public officials' liability coverage, workers compensation and automobile insurance. The Town is liable for deductibles ranging up to \$1,000 for settlements exceeding the limits of coverage, which range from \$50,000 to \$3,000,000.

Based on the coverage provided by the insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded as of June 30, 2023. There were no significant reductions in insurance coverage from that of the prior year and the amounts of settlements have not exceeded insurance coverage for each of the past three years.

NOTE 23 - CONTINGENCIES

The Town participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the Town's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

TOWN OF MADISON, MAINE

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 24 - COMMITMENTS

The Town of Madison, Maine has entered into a contract with Robert Bishop for landscaping services. The contract begins January 1, 2023 and expires December 31, 2025, payment not to exceed \$11,500 per year.

The Town of Madison, Maine has entered into a contract with York's Lawn Care November 20, 2019 for landscaping services in the Forest Hill Cemetery. The contract begins January 1, 2023 and expires December 31, 2025, at \$22,000 per year, increasing \$250 per subsequent year.

The Town of Madison, Maine has entered into a contract agreement with Boyton's Landscaping November 21, 2019 for landscaping services. The contract begins January 1, 2023 and expires December 31, 2025, payment not to exceed \$8,000 per year.

Future annual contract costs for each of these services is as follows:

Fiscal Years Ending June 30,	Robert Bishop	York's Lawn Care	Boyton's Landscaping
2024	\$ 11,500	\$ 22,000	\$ 8,000
2025	11,500	22,250	8,000
2026	11,500	22,500	8,000

All future contract amounts are subject to annual appropriation by the Town of Madison.

The Electric Works has a power supply contract with NextEra Energy Power Marketing, LLC, the Electric Works' standard offer electricity provider. The contract term is through December 31, 2028 and is cancelable under certain conditions as set in the contract. Under the contract, the fees change from year to year. The contract price for 2022 was \$51.24 per MWh, plus additional fees related to the Renewable Energy Credit Fee (REC) component of full requirements service. Under this contract, annual purchases for the years ended December 31, 2022 and 2021 were \$1,770,046 and \$1,842,112, respectively.

The Electric Works has a power supply contract with IGS Solar, LLC where the Electric Works began purchasing all electricity generated by IGS Solar, LLC's solar farm, in January 2017. Under this contract, annual purchases for the years ended December 31, 2022 and 2021 were \$565,613 and \$530,905, respectively. The land on which the solar farm is run is owned by the Electric Works and will be rented to IGS Solar, LLC for \$1 per year for twenty-five years.

TOWN OF MADISON, MAINE

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2023

Changes in Assumptions

MMEHT OPEB Plan for the Town:

There was a change in the discount rate from 2.06% to 3.72% per GASB 75 discount rate selection. Ultimate medical trends were aligned to the higher inflation environment for the roll forward as of this measurement date.

MMEHT OPEB Plan for Electric Works:

The discount rate was updated to reflect the December 30, 2021 Bond Buyer 20-Bond GO Index. The ultimate trend assumption was reduced to reflect the reduction in the Bond Buyer 20-Bond GO Index.

The following demographic assumptions were updated based on the June 30, 2021 experience study:

Mortality, termination, retirement and salary rates.

The enrollment participation for plans with no employer subsidy was update for ages 65-70.

There was a change in the discount rate from 2.12% to 2.06% per GASB 75 discount rate selection. In addition, medical and prescription drug trend arrays were updated.

Other Supplementary Information

Other supplementary information includes financial statements and schedules not required by the Governmental Accounting Standards Board, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Selectboard
Town of Madison
Madison, Maine

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Madison, Maine as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the Town of Madison, Maine's basic financial statements and have issued our report thereon dated April 26, 2024.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Madison, Maine's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Madison, Maine's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Madison, Maine's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Madison, Maine's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted certain other matters that we reported to management of Town of Madison, Maine in a separate letter dated April 26, 2024.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
